Ms. Renata B. Hesse, Antitrust Division
601 D Street NW, Suite 1200
Washington, DC 20530-0001

Dear Ms. Renata Hesse:

Please continue to enforce anti-trust laws.

Microsoft has consistently violated many provisions of the law, and should be held accountable for its actions.

Computer technology has been the prime force behind productivity increases in the American and world economies, particularly in the last 10 years. Small companies with innovative ideas are at the mercy of the predatory practices of Microsoft, and enforcement of anti-trust laws will help to ensure that the astounding productivity improvements which have fueled economic growth in the recent past are not strangled.

Sincerely,

Carolyn Mulligan
